

welcome

Smartpack Solutions is a leading supplier of flexible packaging & stationery products.

From the first step we take you by the hand and guide you effortlessly through the production process, be it in creating and designing a new product or generating a new look for an existing one.

We work with you to meet your individual specifications regarding size, material, colour and security requirements. We can also arrange custom printing on a selection of our products.

No matter what type of packaging and stationery your company requires, we have a range of solutions, and the experience and industry knowledge to support you. We pride ourselves on sourcing and distributing products that meet specific individual customer requirements with the greatest emphasis on quality.

Hi Vis clothing has become an industry 'norm' in Australia and throughout most of the world. Anyone 'on the job' is expected and required to wear it to remain visible to moving vehicles or machinery. However, it is important to understand the legislative requirements and standards to ensure your staff are wearing high visibility gear that is compliant. Just because their shirt is bright yellow doesn't always mean they are compliantly dressed and safe from harm! We only supply quality brands that comply with New Australian Hi Vis standard.

Wiper rags are essential for cleaning up spills, wiping down surfaces, and maintaining machinery. They are used by many businesses, including manufacturing plants, printers, and automotive mechanics, cleaning up spills and leaks of heavy dirt, hazardous solvents, lubricants, grease, oil, and coolants.

Rags are cut to convenient size with all zips, buttons and rough elements removed.
